## Cleish Hill Climb - May 2018

An excellent turn out of 23 KCC riders to challenge themselves on the 2nd event in the famous GP series.

The weather was beautifully clear giving outstanding views across Loch Leven and on to the stunning Bishop hill and the Lomond's beyond.

The main factor was that it was dry but there was a little blustery wind that kept the event cool.

7 riders were under the magical 10 min mark and the overall winner, Richard Sanderson, had a brilliant ride subbing the 8 min barrier in 7 mins 57 sec.....a very hard time to beat!

A BIG shout out to Maddocks for the overall organizing of the event and to the starter, pusher-off/holder, Red flag danger waving marshals, etc plus Time keepers...two new timers:- Kathryn Baker and Ross Turner. They have now been awarded full marks and have become experts in Time Keeping. A big thank you from myself.

Paul Zarb deserves a mention for the official Scottish cycling car and commissaire plus taking down the banners and generally helping out at the end.

KCC is a joy to be apart of in so many ways. From meeting like minded persons who are passionate about cycling but also who are prepared to give up their time to put something back into local community based sport.

See you all for the Hilly TT...details will be on the website or KCC Facebook message forum.
