-	Jeff Wall	M SVET	Volunteer	-
-	John Myerscough	M EXP	Volunteer	-
-	Morag Bruce	F VET	Volunteer	-
-	Ross Turner	M SNR	Volunteer	-

A lucky 13 riders turned out for the 2018 Hilly TT.....well done! on what turned out to be a glorious evening for the longest day of the year. The best conditions that I can remember this event ever being held in. Ut certainly made time keeping and marshalling more of a pleasant job.

A full on westerly wind for the finishing straight must have been a relief.

Fantastic number of volunteers who enjoyed putting something back towards the mighty Kinross Cycling Club and the sport of cycling in general...well done to all. Your time, effort

and commitment is greatly appreciated and makes being part of KCC so enjoyable. Comments from riders is that the course is getting a bit 'loose' with lots of gravel on the corners.....maybe a mass sweeping party is needed for next year. In the words of a rider whose name is not now mentioned...'ever second counts' and so it was for tonight...Erik Lornie winning by one second over Richard Sanderson.....was Erik's familiarity with the course a deciding factor??? Both times were sensational and somewhat a cut above the rest but well done to all who pushed their lungs and calves around this very hilly route. New stopwatches took a bit of getting use to the recall function but I check times again in the relax comfort of my own home and I am pretty sure, ... 100% sure, ... that I got all riders times correct...but please speak up if you think otherwise

Have a great weekend
looks like its going to be a sunny one.
keep spinning
stay fit..stay strong
see ya on the road sometime
