Once again we were unable to hold a Loch Leven TT as there is still a big hole in the road at Vane Farm, plus resurfacing at Scotlandwell. By popular request a second Balado 10TT was held instead. It was rather wetter than predicted, but relatively warm and calm and there were 19 riders on the night. Times seemed quite fast and everyone was over the line in sub-thirty minutes.

Two riders were well under 24 minutes, with Erik Lornie posting the fastest ride of the evening, a few seconds ahead of Richard Sanderson.

We had some new faces to help us out too, and it was lovely to see Mrs Lornie and Gemma Sanderson: your help and support is much appreciated.

It was very obvious to me, acting as timekeeper tonight, that those with front lights were much more visible in the murky conditions and could be seen from a long distance away. I would certainly encourage everyone to use a front light, even in summer. Be seen and stay safe.

Thanks to all, both riders and helpers for supporting this great TT series.
